INTRODUCTION

The national service scheme was officially started on 24th September 1969, to establish a meaning full linkage between the campus and the community. Mahathma Gandhi, he father of Nation, had recognized that the country could not progress in a desired direction until the student youth get motivated to work for the improvement of the village/community. Therefore for the national reconstruction and national recovery it was deemed fit that the teachers and student should be properly sensitized and utilized for strengthening the Indian society as a whole with particular emphasis on rural community. Therefore student youth, teachers, and the community are considered as the three basic components of National service Scheme.

NSS programme and activities

- The Programme Officer, who is a member of the teaching faculty, provides necessary leadership to the youth/NSS students. The teacher/NSS programme officer has the professional knowledge and skills. He/she is also a representative of the college and the educated elite and knows the needs and aspirations of student youth. Further he/she is expected to be a role model of the values and the norms of the institution and the society as a whole. Therefore, he/she is the fittest person to provide necessary lead to the students in developing their personality through community service. In fact the Programme Officer is a friend, philosopher and guide to the students in achieving this goal.
- The NSS volunteer, who is a college student and/or faculty is the main beneficiary of the programme by way of development of his/her perception about the community, his/her skill to perform certain jobs, and develop quality of a leader, organizer, and an administrator and development of his/her personality as a whole. Through NSS, he/she gets opportunities to see the community closely and thus gets an experience of human nature in relation to his/her environment.
